How I Spent My Summer Vacation – Destinations & Miles Traveled

DIRECTIONS: *Think back to all of the fun and exciting places you visited during your summer vacation. As you recall the entire summer, think about where you went in the beginning, middle and end.*

After completing your list of destinations, fill in the "Miles Traveled" column. Follow these guidelines for calculating your miles:

- *If your trip was from your house to one location (e.g. the pool) count the miles beginning from your house – to the pool – and back home.*
- *If your trip was from your house to multiple locations (e.g. family trip to grandparents and Disneyland) count the miles beginning from your house – to your grandparents' house – to Disneyland – and back home.*

DESTINATION		MILES TRAVELED
START	END	
	TOTAL NUMBER OF MILES I TRAVELED
