

Name _____

Date _____

SKITTLES DATA

ESTIMATION

Make an estimate, an educated guess, of how many Skittles you think are in your bag. _____

Now make an estimate as to how many of each color you will have in your bag.

Red	Yellow	Green	Purple	Orange

ACTUAL DATA

Record the actual number of each Skittles color in your bag.

Red	Yellow	Green	Purple	Orange

You and your classmates will now share out your total numbers for each color. After that information has been shared and calculated, record the TOTAL number of each Skittles color in your CLASS.

Red	Yellow	Green	Purple	Orange

Remember to be as accurate as possible and double-check your work. This information will be shared with other classes.
