

## **Activity Three: The Olympic Spirit**

*(All web links for this activity are provided at the end of the directions.)*

This is a very open-ended activity and requires students to examine what the Olympic Spirit personally means to them. They can do this through writing, drawing, an art medium, photography, or a combination of these elements.

Whichever element students choose to use, they must make sure that all work belongs to them and is original.

Once students have created their interpretation of the Olympic Spirit, their work is ready to be shared with the world. You may choose from a variety of upload options: web page, wiki, Voice Thread, SlideShare, and Smilebox. Directions will be provided for uploading.
